As far back as the 1700s, cheese lovers were extolling the virtues of Lancashire Cheese. For toasting and claimed that Creamy Lancashire has no equal. Famed for melting, it retains its texture and flavour with little added complexity and a texture that gives an ideal melting consistency. Thanks to the Lancashire Cheesemakers Association and The Three Fishes, Mitton for use of photography.

The recipe for traditional Lancashire cheese (Creamy & Tasty) is unique in Britain in that it blends the curds from different milkings which creates a cheese with depth of flavour, added complexity and a texture that gives an ideal melting consistency. Creamy Lancashire is a mild cheese that is matured for only two to three months.

INGREDIENTS (serves four)
- 4 slices Organic white bread
- 200g Creamy Lancashire Cheese
- 8 rashers dry cured streaky bacon – grilled until crispy
- Knob of butter

METHOD
1. Toast the bread on each side.
2. Butter the toast on one side, cover with the Lancashire cheese. Place on a baking tray, then grill until melty.

INGREDIENTS FOR DRESSING
- 100ml Worcester Sauce
- 50ml Apple Juice

Combine the Worcester sauce and apple juice in a small pan and reduce by half until a syrupy like texture. Place the crispy bacon on top of the cheese on toast and sprinkle with the dressing.

CREAMY LANCASHIRE CHEESE TRAIL

A four mile walk around the historic village of Chipping, using footpaths, tracks, lanes and a little road walking. The Creamy Lancashire Cheese Trail is based around Leagram Organic Dairy, the dairy of well known cheese demonstrator Bob Kitching. Bob has also collected cheese making artefacts down the ages to help him share his passion for cheesemaking.

Leagram Organic Dairy has a small factory shop and later in the year may develop a small visitor centre. The walk starts and finishes in Chipping, which has a number of shops and eating places where you can buy and enjoy Lancashire cheese. For a café meal, consider The Cobbled Corner or try a pub meal at The Sun Inn or Tillotsons Arms. The walk also passes the Gibbon Bridge Hotel, well known for its excellent facilities and a commitment to good food.

This walk crosses Chipping Moss which is an important breeding ground for birds. After leaving the village follow the "trail" "whey markers. For more details and downloadable route description visit www.forestofbowland.com

CREAMY LANCASHIRE

In 1892 Joseph Gornall, a County Council employee, invented a patented cheese maker which helped standardise the method of making Lancashire cheese.

In 1981 the Lancashire Cheesemakers Association was formed to promote the making of Lancashire cheese to a high standard of Outstanding Natural Beauty, and the Lancashire Cheesemakers Association. For a more detailed and downloadable PDF of Outstanding Natural Beauty, and the Lancashire Cheesemakers Association.

Lancashire cheese its distinctive flavour. The unique method of mixing curds gives off a sharp yet mellow aroma when the cheese is cut. The mixed curds were pressed using a stone cheese press, breaking the curd and blending it with curds from the previous day’s milking. The mixed curds were then turned, clothed and salted to make a cheese. The Lancashire cheesemakers are renowned for their rich grassland which leads to high quality milk and inevitably to high quality cheese. The Lancashire cheesemakers are known as “the Lancashire milk fields” and the Lancashire cheese its distinctive flavour.

As far back as the 1700s, cheese lovers were extolling the virtues of Lancashire Cheese for toasting and claimed that Creamy Lancashire has no equal. Famed for melting, it retains its texture and flavour with little added complexity and a texture that gives an ideal melting consistency.

There are 7 Lancashire Cheese Makers all situated within a 10 mile radius in and around the Forest of Bowland Area of Outstanding Natural Beauty. All 7 cheese makers make Lancashire Cheese in the traditional method using Lancashire milk. In most cases they are family businesses and are 2nd, 3rd and 4th generation.

**Mrs Kirkhams**

Mrs Kirkhams have been making cheese on their farm for more than 30 years. Using only unpasteurised milk from their own herd, this unique cheese is made by blending curd from 6 milkings and maturing in cloth for up to 6 months. Each evening without fail, Ruth Kirkham still makes the all important culture using the heat from the dying embers of the farmhouse kitchen fire.

**Leagram Organic Dairy**

Owner Beb Kitching has spent 30 years making Lancashire Cheese and is now based near the picturesque village of Chipping. A passionate exponent of artisan cheese-making, Beb Kitching produces a range of cheese using milk sourced from herds run on organic farms close to the dairy. Leagram’s range includes all 3 styles of Lancashire.

**JJ Sandhams Ltd**

Founded in 1929 by John James Sandham, cheese produced by Sandhams stays true to its original recipe. Now in the hands of Chris Sandham, grandson of the company’s founder, cheese is still produced from the site where Chris’ great grandfather first built the family house in 1894. JJ Sandhams’ range of hand made cheese includes the delicious smoked Lancashire.

**Dew-Lay**

Established in 1957 by George Kenyon and now run by his sons Neil and John, Dew-Lay has won many accolades for its fine cheese, including the 2005 Supreme Champion title in the North West Food Producers of the Year Awards for their Germain Blue Lancashire. This amazing cheese has a soft, delicate flavour and smooth, creamy texture.

**Butlers Farmhouse Cheeses**

The Butler family first began making farmhouse cheese in 1932. Run by the third generation of Butlers, the company has become one of the best known names amongst Lancashire cheese. Based on recipes handed down through the family Butlers Farmhouse Cheeses are made from milk sourced from local farms and all cheeses continue to be made and turned by hand.

**Greenfields Dairy**

The Procter family - Peter, his wife Grace and their son Steven – combine the cheese-making expertise from two Lancashire farming families. They produce a wide range of cheeses from Greenfields Dairy including several distinctly flavoured cheeses including Lancashire Creamy with Black Pepper.

**Singleton’s Dairy**

With the reputation for producing the strongest tasting of the county’s cheeses, Singleton’s Dairy began making cheese on their farm near Beacon Fell over 80 years ago. Their range includes the famous Beacon Fell Traditional Lancashire which has EU protection. Bill Riding is the fourth generation of cheese makers in the family, collecting many major awards including the Queen’s Award for Enterprise.

---

**Walk description**

Starting in the centre of Chipping with St Bartholomew’s Church steps behind you take the narrow road in front of you, Windy Street, up to Longridge heading out of the village.

2. After approximately 400ms, turn left to cross an old bridge into open fields and head diagonally across the first field to the far corner and a stile. Cross several small fields and stiles following the line of a small brook before crossing it on a bridge made from sleepers. The footpath is less distinct at this point but climbs and curves left following an old hedge line. Climbing the field you will see a house and cottages formerly Pale Farm and you should head to the stile on the right of the group.

3. Leave the field to join a surfaced track, turn left and walk for 700ms. You may continue to Leagram Dairy at 5.

4. Alternatively leave the track on the right over a small stile in the hedge. Head diagonally across the field towards another stile on the roadside. Turn right onto the road just beside the Gibbon Bridge Hotel and walk for 150ms towards the Hotel.

5. Enter the field on the left opposite the Hotel and walk keeping the river Loud on your right to descend to a bridge over a smaller stream. Climb briefly to a small stile in bracken to emerge into fields with open views and head for Greenlands farm in the distance taking the path heading to the right of the farm.

6. Go through the middle of the farm buildings, across the front of the farm and leaving on a track heading north. After 100ms turn left off the track to head for a small wood. Hail way along the edge of the wood, bear left across open fields towards Daisy Farm which can be seen in the distance and follow the track through the farmyard.

7. Cross in front of the farmhouse and head north. After 300ms, this track joins the road. Turn left and return to Chipping on the road. The North Lancashire Bridleway runs parallel to the road for a short stretch just before Chipping.
